|  <p>A stick figure stands on a horizontal line. A point y_0 is marked on the line. Two lines, v_1 and v_2, originate from y_0. v_1 is a solid line, and v_2 is a dashed line. A 5° angle is indicated between v_1 and v_2.</p> |  <p>A horizontal line has a point y_0. A vertical line t passes through y_0. A horizontal line h is drawn above y_0.</p> |  <p>A horizontal line has a point y_0. A vertical line t passes through y_0. A horizontal line y is drawn above y_0. A solid line and a dashed line originate from y_0, forming an angle.</p> |
